Share the Bible App for Kids

By introducing children to 41 of the "big" Bible stories, the Bible App for Kids helps them understand the overall story that the Bible is telling. Kid-friendly navigation helps them find and select whichever story they want, then reads it aloud to them in a friendly narrative style. Throughout each story, fun, interactive animations keep children engaged, and select stories even include games designed to help them learn, understand, and retain important Bible story concepts. <https://www.youversion.com/the-bible-app-for-kids/>

Ladies Evening Bible Study

The Book of Judges narrates one of the most chaotic and morally dark eras of Israel's story. Into this morally-ambiguous time comes one of the most unlikely leaders of the biblical text—the prophet Deborah. Also, a wife, mother, priest, and judge, Deborah responds to her call and transforms chaos into order by leading Israel in one of the most pivotal victories of her time."

Ladies, join us from 6:30-8:30 PM for 8 weeks as we discuss:

- * What territory can you see from where you're standing that you know belongs to the Kingdom, but is not yet won?
- * Is it worth fighting for?
- * Are you willing to step out in faith and trust God for the victory?

The study guide, which includes streaming videos, is available on Amazon right now for about \$16.

Mission

Children of Peace International (COPI)

Children of Peace International is a non-profit organization that provides care to people in Vietnam. It was started by binh rybacki who was a regular guest at Good Shepherd. The organization, as one of Good Shepherd's missions, has been supported since 1994. It partners with local and national governments, along with orphanage and school administrators, to ensure effective operations and loving care for every child in its programs.

Children of Peace International's in-country staff actively monitor scholarship recipients, supporting their progress and providing additional help as needed. Currently, Children of Peace International supports three orphanages—in Ho Chi Minh City and Viet Tri (near Hanoi)—that provide homes for over 500 children. One orphanage offers residential and medical care for children with HIV/AIDS, while the other two care for children with severe disabilities, creating a nurturing and supportive environment. The organization also funds charity houses in underserved areas of Ho Chi Minh City and Nha Trang that offer daycare, after-school programs, and teen support.

In the rural town of Sa Pa, Children of Peace International has built and equipped two elementary schools, with a third under construction, each serving around 200 students. In the Vinh Long Delta region, the organization has also established a kindergarten for over 100 students.

To expand educational opportunities, Children of Peace International provides nearly 300 annual scholarships for students from elementary school through college across Vinh Long, Phu Yen, and Ho Chi Minh City. Many children who began with support in elementary school have continued to college and professional schools.

Additionally, Children of Peace International sponsors medical missions that bring Vietnamese healthcare professionals to underserved communities in Ho Chi Minh City, Vinh Long, and Quang Nam, coordinated by the in-country team. Go to childrenofpeace.org to subscribe to get current updates on projects and our work in Vietnam.

Visit the COPI table to sign up for regular updates on Children of Peace International and potential opportunities.
